**TRADITION**

**EXPERTISE**

**QUALITY**

Black Eyes Security and Service Ltd. was established in 2021 with a new approach to applying the professional experience of the past to the present. Our determination is to provide, create and professionally develop high quality live-force security and technical services, creating innovations with a new approach to thinking. To serve our business partners with a high level of professionalism and a high quality product range.

## ABOUT US

*The BESS team is made up of professionals with decades of experience.*

*The specifics of the asset protection market are not alien concepts to us, and we are all well prepared for the challenges ahead. We are also available for specialised assignments that are different from the classic tasks and require specific knowledge.*

“Strength does not come from physical ability. Its source is unwavering will!”

- Mahatma Gandhi -

# BLACK EYES SECURITY & SERVICE

MSZ EN ISO 9001:2015 szabvány szerinti irányítási rendszer

## PROTECTION OF PROPERTY

Personal and property protection services with security staff. Our vigorous security services are characterised by a high level of preparedness, continuous improvement, training, new approaches and creative thinking, which implement the security concept aimed at protecting the personal dignity, physical integrity, property, assets and movables of our clients.
